

# STATE QUARTERS

## The Zippo Collection

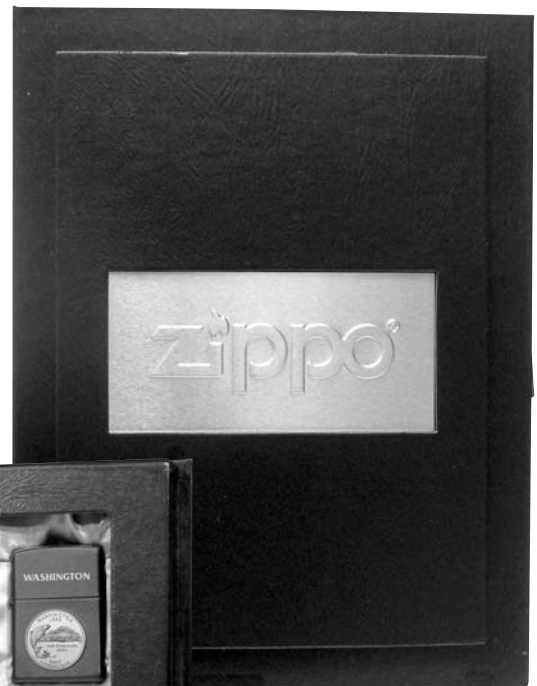

### Volume Nine, 2007

Zippo introduces Volume Nine of a ten volume set.

The limited edition set features five black matte lighters, each adorned with a quarter from the United States Mint 50 State Quarter™ program. Each set is displayed in a black leatherette presentation volume with a brushed chrome Zippo logo plaque. Only 800 sets will be produced this year.

To honor the 50 states, the U.S. Mint has issued quarters depicting a unique design representing the history of each state. Five quarters will be issued each year, in the order that the states joined the union. The final set of five quarters will be released in 2009.

Volume Nine features quarters released through 2007 honoring Montana, Washington, Idaho, Wyoming, and Utah. A final volume of the set will be introduced next year.
