

STATE QUARTERS

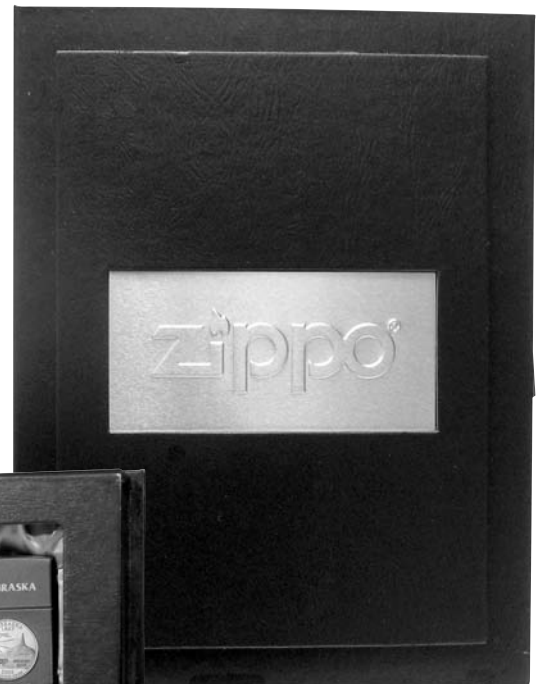

The Zippo Collection Volume Eight, 2006

Zippo introduces Volume Eight of a ten volume set.

The limited edition set features five black matte lighters, each adorned with a quarter from the United States Mint 50 State Quarter™ program. Each set is displayed in a black leatherette presentation volume with a brush chrome Zippo logo plaque. Only 1,000 sets will be produced this year.

To honor the 50 states, the U.S. Mint has issued quarters depicting a unique design representing the history of each state. Five quarters will be issued each year, in the order that the states joined the union.

Volume Eight features quarters released through 2006 honoring Nevada, Nebraska, Colorado, North Dakota and South Dakota. A new volume of the set will be introduced each year.
